Subject: New Examiner's meeting -Jan 14th-claims analysis

Happy New Year everyone!

It is time for the bimonthly **New Examiners Meeting**. Hope to see you
Tuesday January 14th at 10:30 in the 3rd floor conference room.

This month a SPE suggested topic will be addressed- **Claim Analysis**.

There will be a overview of key points to consider in analyzing claims followed by a discussion. The key points will be presented by Irene Marx and the discussion will be directed to answering any of your questions concerning claim analysis. Besides Irene, Christina Chan, Mike Woodward and myself will be there to answer questions (Come and see if we all agree).

Any JUNIOR EXAMINERS that would like a refresher on this topic are welcome to join us.

So remember to really read your claims and come to the meeting to find out what problems have been observed in reviewing actions. We each have our favorite problem. Mine is the habit some people have of reading limitations from the specification into the claims.

See you then

Jean
